

Curv-Flex™ Marker

CFR

Drivable, flexible, impact resistant marker

Our most flexible composite marker. The Curv-Flex is recommended for areas where vehicle impacts are likely. With its trademarked curve and flange profile, the Curv-Flex marker withstands direct tire impacts. In dense soil conditions, the marker might require a small pilot hole before installation.

How to Order:

CFR4

Product number

062

Length (in.)

See chart for availability by color.

Color (See chart below)

01
